Serviços

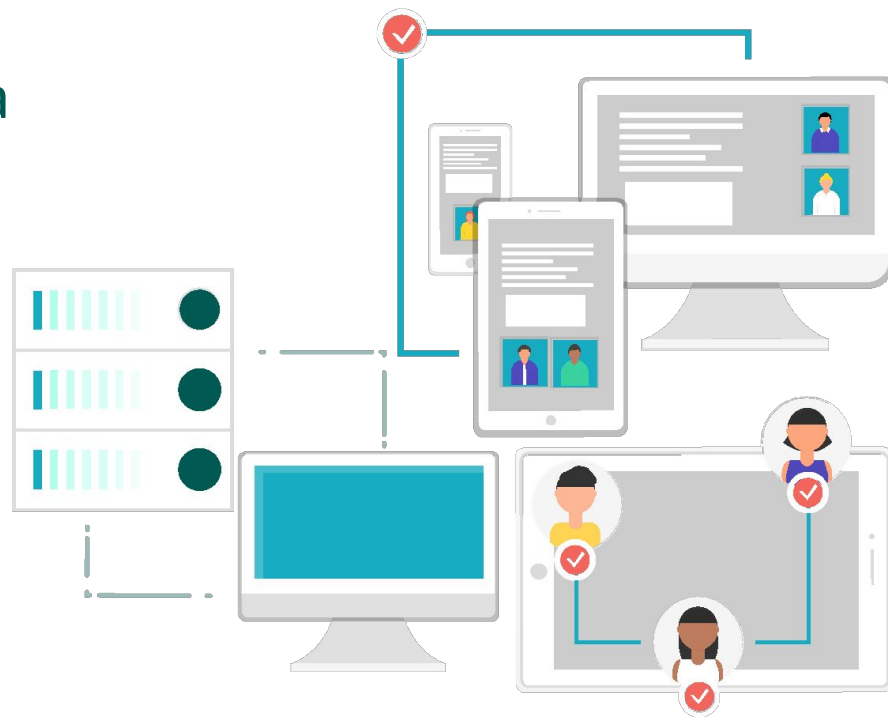

2019

ENQUADRAMENT O

Unidade de Computação Científica

A **Unidade de Computação Científica** da **FCT** tem como missão principal o planeamento e gestão da **RCTS – Rede Ciência, Tecnologia e Sociedade**.

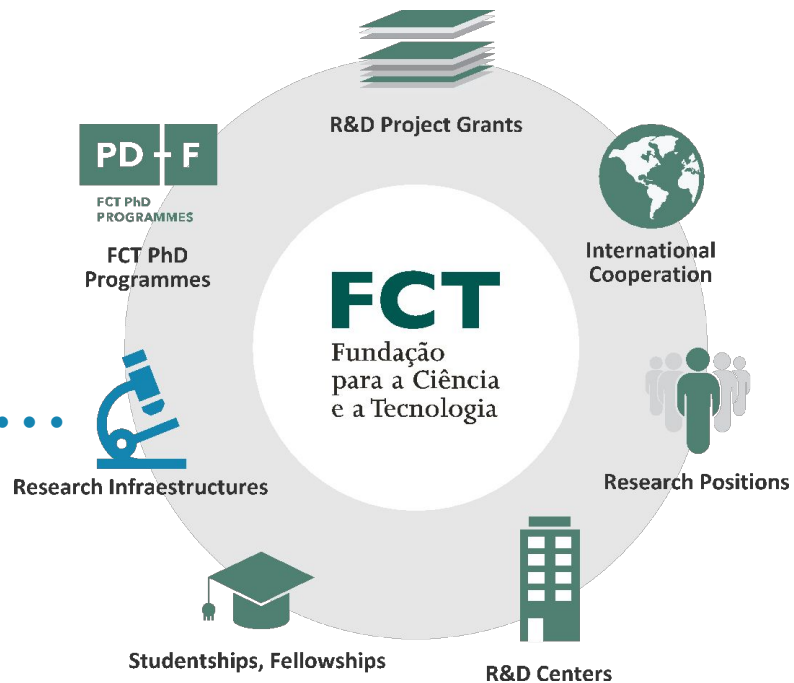

A **RCTS** é uma infraestrutura de investigação digital, transversal a todas as áreas do conhecimento cobrindo todo o território nacional.

Estrutura Organizacional

A missão da FCT (Fundação para a Ciência e a Tecnologia) é promover continuamente o avanço do conhecimento científico e tecnológico em Portugal.

A Unidade de Computação Científica integra-se na área de Infraestruturas de Investigação da FCT.

ENQUADRAMENT O

Pilares de ação

Conectividade

Computação

Segurança

Colaboração

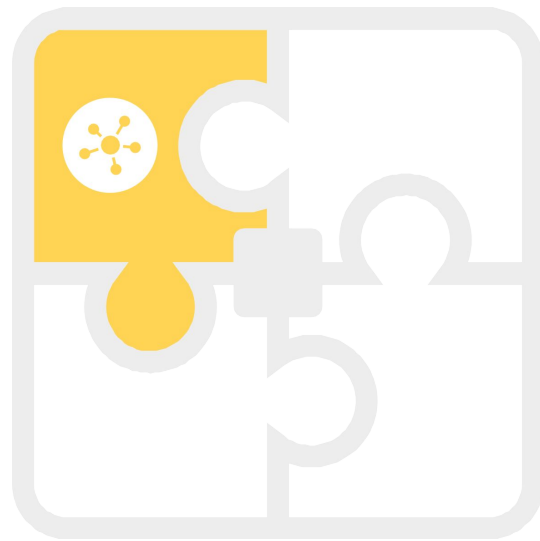

Conhecimento

PILARES DE AÇÃO

Conectividade

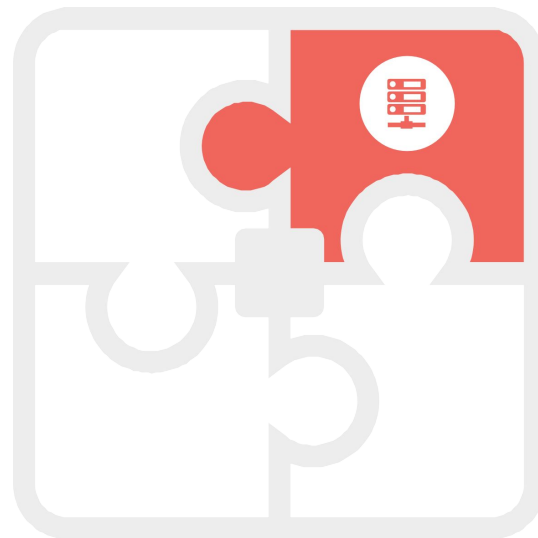

Uma ampla oferta de soluções de rede são disponibilizadas através da rede RCTS dando suporte a **aplicações e serviços** e acesso a **infraestruturas de computação avançadas**.

PILARES DE AÇÃO

Computação

Serviços de **computação avançada**, **armazenamento** e **partilha de dados**.

PILARES DE AÇÃO

Segurança

Serviços de **resposta a incidentes de segurança informática** e **sensibilização para proteção** dos referidos sistemas.

PILARES DE AÇÃO

Colaboração

Serviços que promovem e **facilitam a colaboração** das comunidades servidas e **promovem a divulgação científica** através de soluções multimédia.

PILARES DE AÇÃO

Conhecimento

Serviços que **asseguram** o acesso a **fontes de informação científica de qualidade** reconhecida.

Promovem, apoiam e facultam o **acesso aberto** à **produção científica nacional** e **facilitam** a **gestão e acesso** à **informação** sobre a **atividade científica nacional**.

Acesso a uma infraestrutura de **preservação digital e arquivo de informação publicada na web**, para fins de investigação e disponibilização, de um **serviço de gestão de vídeo**, para produção, registo e **distribuição simples de conteúdos vídeo de carácter educativo, cultural, informativo ou lúdico**.

Import wizard

Creation

Create Ciência Vitae
Step 2 of 3

Your Ciência Vitae was successfully created.

You can start filling in your Ciência Vitae or import data from other information systems, thus minimizing the time spent writing your curriculum vitae.

	DeGóis	Personal information, affiliations, outputs, projects, etc... Migrate your DeGóis account information. <i>⚡ This operation must be performed before any other and can only occur at this stage of Ciência Vitae's creation.</i>	<input type="button" value="IMPORT ACCOUNT"/>
	SIG FCT SIG-CV	Personal information, affiliations, outputs, projects, etc... Select by functional area the information you want to import for your Ciência Vitae.	<input type="button" value="IMPORT DATA"/>
	ORCID	Outputs and projects. Synchronize data between your CV and ORCID. This is a bi-directional synchronization that by default remains active. To disable it click Settings.	<input type="button" value="SYNCHRONIZE DATA"/>

Management

	FCT SIG-CV	Personal information, affiliations, outputs, projects, etc... Select by functional area the information you want to import for your Ciência Vitae.	<input type="button" value="IMPORT DATA"/>
	ORCID	Outputs and projects. Synchronize data between your CV and ORCID. This is a bi-directional synchronization that by default remains active. To disable it click Settings.	<input type="button" value="SYNCHRONIZE DATA"/>
	RCAAP	Scientific Open Access Repositories of Portugal List of publications deposited in the repository. The import wizard will always be available from your CV.	<input type="button" value="IMPORT DATA"/>

Create Ciência Vitae
Step 3 of 3

Almost done but this may be of your interest...

We found 100 records with the name João Mendes-Moreira which may be related to your scientific and/or academic activity.

To review the results simply click on "Import data" on the following platforms:

	RCAAP	Scientific Open Access Repositories of Portugal List of publications deposited in the repository. The search on this platform will always be available from your CV.	<input type="button" value="IMPORT DATA"/>
	DGEEC PRIES	National register of teaching staff List of teaching and academic activities in PDIES. The search on this platform will always be available from your CV.	<input type="button" value="IMPORT DATA"/>
	DGEEC RENATES	National register of theses and dissertations List of theses, dissertations, participation in juries and supervisions in RENATES. The search on this platform will always be available from your CV.	<input type="button" value="IMPORT DATA"/>

	PRIES	National register of teaching staff List of teaching and academic activities in PDIES. The import wizard will always be available from your CV.	<input type="button" value="IMPORT DATA"/>
	RENATES	National register of theses and dissertations List of theses, dissertations, participation in juries and supervisions in RENATES. The import wizard will always be available from your CV.	<input type="button" value="IMPORT DATA"/>

DeGóis and FCT|SIGcv available up to 2021

How to manage duplicates

In this area you can manage the records with a high level of similarity (level of similarity \geq X%). To manage false positives you can:
a) change the value of the minimum percentage of similarity and/or b) select a group of records in a box and click "NOT DUPLICATES". To manage true positives select the radio-button corresponding to the record you want to keep and click on "MERGE".
